

How to re-activate your new licence

You must re-activate your new licence/s in the GeoSLAM licence manager tool before you can use the new software releases.

Please follow the steps below to ensure a successful transition to GeoSLAM Connect 2.2 and GeoSLAM Hub 6.2.1:

1. Deactivate **ALL** your existing GeoSLAM Connect and Hub (and GeoSLAM Draw) licences from your machine.
2. Uninstall any previous versions of GeoSLAM Connect, GeoSLAM Hub and the GeoSLAM Licence Manager Tool (and GeoSLAM Draw)
3. Click on the download links below to install GeoSLAM Connect 2.2 and GeoSLAM Hub 6.2.1 (and GeoSLAM Draw 4.0 for customers with a valid GeoSLAM Draw license). The latest version of the Licence Manager Tool is included in both the Connect and Hub download links
4. Open the GeoSLAM Licence Manager Tool version 1.3.5
5. Go to the **Activate** tab and activate your new licence codes
6. Open GeoSLAM Connect 2.2 and login using your My GeoSLAM login credentials. You can login to My GeoSLAM or request a login here: <https://geoslam.com/my-geoslam/>
7. For customers who are new to GeoSLAM Connect we recommend you visit the [GeoSLAM Connect getting started page](#)

You will now be able to process data and use the new features within the software.
